Dear Families,

Happy Half-Term

We have had a great half term, filled with exciting events and wonderful learning experiences. The children have been working incredibly hard, engaging enthusiastically in their lessons, and we are so proud of them. It has been a busy but rewarding half-term, and I hope everyone enjoys a well-earned rest.

Wishing you all a happy and peaceful break.

Mrs Ferey

Polite notice

At Loughborough C of E Primary School we believe staff, parents and children are entitled to a safe and protective environment in which to learn and work. We ask that all members of the school community treat each other with respect and adults set a good example to children at all times, showing them how to get along with all members of the school and the wider community.

It is our expectation that no members of staff, parents or children are the victims of abusive behaviour or open to threats from other adults on the school premises. Physical attacks and threatening behaviour, abusive or insulting language verbal or written, to staff, governors, parents, carers, children and other users of the school premises will not be tolerated.

Thank you

Online Safety and Social Media

SWGfL
Safe. Secure. Online.

Social media is an online platform that allows users to connect with others online. Depending on what platform you use, social media can allow you to communicate and share information with others with the intention to update or engage a specific audience. This can often include sharing videos, images, status updates or posts with a group of followers that can sometimes cover a global scale.

A lot of the time, social media is a positive place where users support each other. Despite this, it can also house toxic and harmful behaviours, which can be directed towards specific individuals or groups with the intention to harass, or cause upset.

Benefits of Social Media

- 1 Available and accommodating to most audiences
- 2 Can promote positivity and healthy expression
- 3 An accessible platform to connect with others
- 4 An instant platform for news and global awareness

Considerations for Social Media

- 1 Harmful and offensive content may be seen across platforms
- 2 Can be used to promote misleading information
- 3 Can promote unhealthy expectations and pressure for young people
- 4 Can impact digital wellbeing if not managed correctly

Harm on Social Media

Many social media platforms have adapted to include reporting features in order to tackle certain types of online harm. Some of these harms to watch out for include:

- 1 Fake online profiles
- 2 Misinformation or fake ads
- 3 Scamming or fraud attempts
- 4 Radical online content

Socialising Online

Social media provides a lot of freedom in how to connect with other users as well as how information and content is made available. This has provided certain platforms with worldwide appeal, giving anyone an opportunity to connect and engage with others. To promote keeping safe on social media, ensure that young people know how to:

- 1 Report harmful content online
- 2 Block and report users who are being offensive or harmful
- 3 Manage privacy settings to limit exposure to known friends and family members
- 4 Speak to a trusted adult if they are concerned about something online
