Welcome back!

I hope you all had a lovely Easter break and managed to enjoy some rest and quality time together. It's been great to see the children return with big smiles—and the sunshine certainly helps!

With the warmer weather here, please remember to send your child in with a sun hat, water bottle, and sun cream to help them stay safe and comfortable during the day.

This half term might be a short one, but we have a to busy few weeks ahead. Year 4 are getting ready for the Rise Voices event next week, Year 6 are working hard in the lead-up to their SATs in two weeks time, and Year 3 have a sporting event later in the term.

Please remember that we are closed on Monday due to the May Day bank holiday and look forward to seeing you all on Tuesday 6th May.

Have a wonderful weekend.

At Loughborough C of E Primary School we believe staff, parents and children are entitled to a safe and protective environment in which to learn and work. We ask that all members of the school community treat each other with respect and adults set a good example to children at all times, showing them how to get along with all members of the school and the wider community.

It is our expectation that no members of staff, parents or children are the victims of abusive behaviour or open to threats from other adults on the school premises. Physical attacks and threatening behaviour, abusive or insulting language verbal or written, to staff, governors, parents, carers, children and other users of the school premises will not be tolerated.

Our first aid reporting system is now paperless. All injuries and first aid incidents will be shared with you via Arbor. This change will help avoid issues with paper slips getting lost or not making it home. Please be assured that for any injuries that cause concern—such as head bumps or other more serious incidents—you will still receive a phone call from a member of staff.

We hope this new system will offer a smooth and reliable way to keep you informed. If you have any questions about this change, please don't hesitate to get in touch with us.

With roots to grow and wings to fly

Our value this half term is...

'When Jesus saw the crowd, his heart was filled with compassion, because they were like sheep without a shepherd.'
Mark 6:34

Compassion is...

- Being sensitive to the suffering of others
- Offering care and concern
- Noticing a need
- Always listening and being interested in others

Online Bullying: Advice for Parents and Carers

Cyberbullying, or online bullying, is when someone uses the internet to bully someone else. The Cambridge dictionary defines cyberbullying as 'Someone who uses the internet to harm or frighten another person, especially by sending them unpleasant messages.'

12% of young people in the UK are affected by cyberbullying

Have an open conversation

Listen, and offer support and encouragement. If your child is the victim of cyberbullying, remind them that this is not their fault and that no one deserves to be treated in this way. Some young people think that if they are the target of online bullying, they must have done something wrong. It is also important to encourage your child to save the evidence. They can do this by taking a screenshot of what has happened or by keeping the messages they have received.

Don't reply

Most of the time the person doing the bullying is looking for a reaction when they are being mean online. Tell your child not to reply, instead they should tell a trusted adult what has happened. Reassure them that even if they are also at fault, they should come and talk to you or a trusted adult. You can then work out the best way to resolve the situation together.

Don't deny access to technology

Although it can be very tempting to remove a device from a young person if they are being bullied, having their device taken away may prevent them from speaking to you about worrying issues in the future.

Discuss next steps

Ask your child what they want you to do next. This might involve speaking to school to get support and advice, blocking the user or profile or reporting the behaviour to the site or service it is on.
